

Stowe Mountain Bike Club
2010 Season

The Stowe Mountain Bike Club (SMBC) is an organized chapter of Vermont Mountain Bike Association (VMBA), a non-profit organization formed in 1997 to promote responsible mountain biking.

The primary purpose of the club is to ensure the continued accessibility of our local mountain bike trails in Waterbury, Stowe and Morrisville. We will accomplish this by working with state and town officials, conservation groups, and other local individuals and organizations. As a club, we seek permission from public and private landowners to create and maintain mountain bike trails, and promote responsible riding.

Your membership supports these efforts. Membership fees are used for the costs associated with trail maintenance, club administration costs, insurance, landowners appreciation costs and the landowner support fund*. 4 hours of trail maintenance and/or volunteer time is also suggested.

*Landowner Support Fund - Vermont Statutes (12 V.S.A Section 5791) states no landowner is liable for any property damage or personal injury to a person who uses the property for recreation, providing a fee is not charged. Other statues provide additional protection for landowners who allow bicycling and other activities. The Landowner Support Fund is a statewide effort by VMBA to provide landowners with financial support in the unlikely event of litigation.

Ride Responsibly!
